Marathon County Public Library

Director Report

February 2024

Highlights

MCPL County Spotlight Program Series

Starting in January 2024, MCPL Wausau is offering a monthly meet-and-greet program featuring various city and county department heads on a rotating basis – a city official one month, a county official the next month. The officials are given a chance to discuss issues, initiatives and events that are important to them. Library staff may ask a few questions and attendees in the audience will also have an opportunity to ask questions, too.

Programs scheduled so far include leaders from Wausau's Police, Fire, and Community Development departments, and the heads of the Marathon County Sheriff's Department and Health Department will also be joining us. Guests for the rest of the series have yet to be determined.

-Chad Dally, Library Specialist

Library Services

Our ongoing collaboration with schools in Marathon County remained strong in January. The Youth Services team welcomed 136 Mosinee 1st graders to MCPL-Wausau this month; over 50

students received their very first library card during their visit. We also welcomed 28 3rd and 4th graders from St. Peter Lutheran School to the library for a tour and a fun lesson about our aquarium. Robyn V. visited John Muir Middle School for an outreach opportunity; she presented to 45 middle schoolers about opportunities for teens at the library. Rose D. represented MCPL at the Thomas Jefferson Elementary School Literacy Night; Rose helped participants create a bookmark craft and shared information about the library to 37 attendees. Like in years past, Robyn V. and Taylor W. hosted a Book Bowl practice event for the Wausau School District Book Bowl participants. Over 30 students attended and practiced their book knowledge while having a blast in the library. Rose D. and Taylor W. continued to plan and organize county-wide activities for SLP, ongoing collaborations with the Parks and Recreation department, and program partnerships with Marathon County 4-H.

Outreach was also a highlight for our Adult Services team. Jailin P. and Julie K. visited Rennes Heath & Rehab Center in Weston to share information about our Homebound Program. Jailin and Julie brought Homebound applications and welcomed three new participants to the program.

Chad D. compiled programming and event statistics for the annual DPI report. We are thrilled to share that we hosted double the amount of in-person programs for the Marathon County community in 2023 versus 2022. We also doubled attendance by a wide margin: In 2023 MCPL hosted 931 in-person programs with 18,925 attendees! Our focus in 2023 was to increase in-person programming and build back attendance. Programming staff are proud of the forward momentum created in 2023, and have identified areas of improvement for 2024.

Kathy G. and Jordan B. continued to help Kate S. with a large volume of weeding throughout January. Julie reviewed our periodical and database budget and assessed current needs and opportunities in preparation for a February meeting. Ben K. compiled website data for the DPI annual report and continued exploring options for a staff intranet replacement; currently Ben is testing the feasibility of using Microsoft Teams for this purpose. Allycia ran a publicity campaign and appeared on local news to promote the Mamava, which was recently installed in the library

on the first floor. Library Services staff also attended the Marathon County “Imagine 2024” Staff Development day on January 15.

-Katelyn S, Library Services Manager

Branches

In Athens, items were received to accentuate the new library -- a bean bag for the Tween room, bulletin boards throughout the library, a clock, and a folding step ladder. The remainder of the children’s room shelving should be arriving in February to complete the move. Additionally, the Athens municipal building now has a digital sign where library programming will be advertised. For the first two weeks of the month, Mosinee staff encouraged patrons to start off the New Year with a healthy habit. Patrons were able to make their very own notebook or journal using a binding machine borrowed from WVLS. Thirty-one patrons got creative and left the library with their handmade creation!

Class visits continue to be popular in many locations. In Marathon City, the 4K class from St. Mary’s School has been making monthly visits to the library since October. Lisa H. reads them themed stories and sings a song or two. Then, the students get an opportunity to check out a book with their own library card. The class of 22 students and 2 teachers visit on the second Wednesday of the month. In Spencer, the Spencer Elementary School kindergarten class visited twice, as well as students from the Bethany Mennonite School of Spencer. Athens and Stratford also hosted multiple classes.

In Spencer, a Kirigami snowflakes event was held on Wednesday, January 3rd. Kirigami is a method of paper cutting and folding much like origami. This program was well received by 21, all impressed with their snowflakes. The final project was also featured in an article in the local paper, the TRG.

In January, various creative book displays were hosted in all locations, including ones like “Snowplow Stories,” “Janu-hairy” (books about hair! Who knew there were so many?!), “Dragon

Appreciate Day,” and “I only have pies for you.” The Mosinee branch also had a humorous display telling patrons that sometimes “Big books last longer than New Year’s Resolutions”. Many branch staff members attended Imagine 2024 sponsored by Marathon County on January 15. It was held at the Lake View Conference Center. Staff participated in discussions about wellness strategies, communication, resolving conflict, cyber security and other sessions.

Support Services Team

- Kayla K sent out the 2023 Quarter 3 Missing Report for searching at all locations.
- Kayla K marked the items which have been "Missing" or "Missing in Inventory" since 2021 for deletion. 83 items.
- Janice A is training Kayla K in encumbering funds in Sierra.
- James B and Chris L completed cataloging and processing of the STEM Kits. James created engaging cover images for the Aspen display. Support Services Team is pleased to have had a role bringing these new resources to our community's children.
- Team Leads met with Leah 1/10.
- Team members participated in Marathon County's Imagine 2024 Staff Enrichment Day on 1/15.
- Chris L demonstrated Sierra's Create Lists function to Library Marketing Specialist Allycia S on 1/18. Allycia may be able to use Create Lists to identify patron sets for future marketing endeavors.
- Kayla K and James B covered the Main Desk during the Circ Team meeting on 1/18.
- The Easy Reader/Favorites project is moving forward. GOAL: To achieve consistency in Easy Reader and Favorites collections across all MCPL locations in order to make finding titles easier for both staff and patrons, as well as improve efficiency and consistency when ordering, cataloging, and processing items.
 - New location codes for branch easy readers (red, blue, green, yellow). New call numbers: ER (first 5 of author). Color dot assigned at Wausau during cataloging/processing.
 - New location codes and call numbers for favorites: FAV (first 5 of character/show). Formerly, Favorites spine labels displayed first 5 of author. This meant that books in the same category had different spine labels and it was necessary to maintain/consult a list of Favorites categories when shelving/searching. A standardized call number based on character/show will allow all FAV BARBI to shelve together naturally and be more intuitive for our patrons.
 - James B and Chris L attended the Branch Coordinator meeting on 1/19 to present the plan, which was primarily created by Tara H of Collection Development and James B in consultation with Katelyn and the Children's Team.

- Dawn L is also:
 - Reviewing the 2023 Koha Acquisition comparison to Sierra notes to ensure they are conclusive and accurate.
 - Creating additional Sierra process functionality notes for Koha development, e.g. Cancellations, Adjustments.
 - Reviewing non-Sierra but Acquisition processes that may be incorporated within the Koha Acquisitions model e.g. documentation of Amazon orders. These may be out of scope but might influence current development.
- Dawn L reports that managing magazine subscriptions is challenging. An ever-increasing number of publishers are requiring subscriptions to be ordered direct (as opposed to ordering through a jobber such as Ebsco), are discontinuing print publication (going digital), or quitting business altogether.
- Circulation total for Wausau Drive Up: 1,909.

Page Team

- Did routine switch-overs for new Adult collections and Young Adult collections.
- Worked at getting all the seasonal Thanksgiving and Christmas items back into storage. We sent the Valentine's Day items out mid-January.
- Made notable progress on the big shifting project in Adult non-fiction. We are midway through the 400's now.
- Welcomed a new page, Gina W., on January 8th.
- Said goodbye to Christine J. on January 30th.
- Throughout the month of January the Page Team shelved 26,748 items. 10,453 of those items were juvenile books. They handled an additional 3,666 more items for holds or transits to home libraries.

Information Technology

- Made several minor improvements in the self-checkout kiosks' settings to better support patron privacy, clarify onscreen instructions, and generally improve ease of use.
- The materials sorter is now capable of displaying (and printing on receipts) all letters we have been able to test it with. Previously, it was unable to correctly display most characters not present in English. For example, when asked to display "qué" (a common Spanish word), it would instead display "quÃ©" (it would also display "Ã³" instead of "ó", "Ã¼" instead of "ü", etc.). We are glad to have secured this improvement from the vendor, both for the sake of accuracy and to ensure that readers of all languages feel welcome and understood when using any library service.
- Discussions regarding the expansion of the materials sorter are underway. The expanded sorter will have the capability to do a finer sort (with two additional bins), which will reduce the amount of staff time required to get items back to the shelves for patron use.
- Other enhancements and upgrades were largely tabled in favor of immediate maintenance needs due to staff outage.
- Several projects remain ongoing:
 - Update to fiber at branches:
 - Athens: It looks like we can treat Athens as a new install and Josh K. at WVLS has initiated the install process. An on "On Site" inspection will be scheduled before proceeding.

- Edgar:
 - *Hatley: Connected to WCAN on 05/12/2023*
- Marathon City:
- Mosinee:
 - *Rothschild: Fiber Connection through Rothschild PD (WiscNet)*
- Spencer:
- Stratford:
- Creating technology tutorials for staff.
- Investigate what needs to be done to continue outdoor Wi-Fi antennae installation at remaining branches.
 - *Athens: Installed*
 - *Edgar: Installed*
 - Hatley: Pending install
 - Marathon City:
 - *Mosinee: Installed*
 - Rothschild: Need written permission to install
 - Spencer:
 - *Stratford: Installed*
- Additional projects are on the horizon:
 - Plan a deployment date for Windows 11. (Will be deployed with new patron computers)
 - Investigate having the branches use IP phones like the ones used in Wausau.

 - Investigate hosting Teams phones on our own Microsoft tenant.
 - Investigate hosting mcpl.us email on our own Microsoft tenant.
 - Investigate replacing CASSIE. (*Pharos?*) (*WVLS Server*)
 - Investigate wireless printing options. (*Princh?*) (*cloud based service*)
 - Investigate standardizing printer model at all locations for consistent patron service and simplified troubleshooting
